MEDICINAL

A WOMAN'S PRAYER.

It is notable that in the despondency caused by womanly diseases, there seems to many a suffering woman, no way of escape from pain except the price of life itself. It would be sad to record such a story of struggle and suffering except for the fact that in such dire distress many a woman has found a way back to health and happiness by the use of Dr. Pierce's Favorite Prescription.

This great remedy for womanly diseases has well been called "A god-send to weak and sick women." It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong and sick women well.

"Your medicine almost raised me from the dead," writes Mrs. Edwin H. Gardner, of Egypt, Plymouth Co., Mass., Box 14. "My wife was like brick dust, and I had pain all over me and such a dragging feeling it seemed I could not do my house work. I had to sit down to weep. I did not care to live and prayed many times that God would take me. One day I found a little book. I read it and wrote to Dr. Pierce, and in a few days received an answer. I decided to try his medicine, and to-day I am a well woman. I have no headache, no headache, no pain at all. I used always to have headache previously to the monthly period and such pain that I would roll on the floor in agony. I took three bottles of Dr. Pierce's Favorite Prescription and three of Dr. Pierce's Pleasant Pellets, and was completely cured."

Accept no substitute for "Favorite Prescription." There is nothing just as good. Dr. Pierce's Common Sense Medical Adviser—sent free on receipt of stamps to cover expense of mailing only. Send 21 one-cent stamps for the book in paper covers; or 31 stamps for the cloth bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known food and reconstructive properties. Kodol Digestive Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membrane lining the stomach.

THREE NEGROES LYNCHED.

Baker county, Ga., was the scene of a triple lynching about 2 o'clock yesterday morning, when a mob of fifty determined men entered the town of Newton, and secured possession of Garfield McCoy, Wiley Anette and George McKinney, Miller county negroes, who had been arrested and lodged in jail for the murder last Saturday night of F. S. Bullard, a prominent white farmer of the Seventh district of Baker. The manner in which the prisoners were obtained is unique, and altogether without precedent. Jailer William Screws, who resides near the jail, was awakened about 12 o'clock by Bailiff R. C. Tucker, who stated that he had a prisoner to place in the lockup. The jailer hastily donned his clothes, and proceeded to the prison doors, he was suddenly surrounded by a swarm of men with drawn revolvers, who demanded that he unlock the cell in which the Miller county negroes were confined. He did as commanded under protest, and the three negroes were dragged from the jail, the prisoner of Tucker making his escape during the excitement. Their appeals for mercy were lost on the mob, who began beating and slapping them with knives as soon as they had left the door of the jail. The mob lost no time leaving Newton with the negroes, and when about a mile west of the town the three men were halted, nooses tied about their necks, and amid the shouts of the mob the men were strung up. The crowd fired several hundred shots into the swaying bodies, after which they quietly dispersed. The crime for which the negroes were lynched occurred on the plantation of Bullard last Saturday night, during the progress of a dance given by one of Bullard's tenants. Negroes from Early, Miller, and Decatur counties were present, and trouble was soon started by McKinney, Anette, and McCoy putting out the lights. Just at this juncture Bullard appeared. His interference was resented by the three negroes, who opened fire upon him with revolvers. Bullard fell mortally wounded and died Tuesday. The negroes were arrested Monday and lodged in the jail at Newton. At their commitment trial it was proven that the shot that killed Bullard was fired by McKinney, and that Anette and McCoy also fired at him. The negroes were remanded to jail to await trial at the next session of Baker Superior Court, and absolutely no talk of lynching was indulged in by citizens. It is the consensus of opinion that the work of the mob was largely due to the fact that Bullard's life is left in a sad condition, his wife being a hopeless invalid and several small children are dependent. The lynching was a great surprise to the people of the county, as it was generally believed that the law would be allowed to take its course in their cases. The lynching is generally deplored.

TO HAVE A QUIET FOURTH.

The Police Department of Baltimore, has published the usual notice calling attention to the ordinance forbidding the use of fireworks and explosives within the city limits. The Baltimore Sun in this connection says:

"It is to be hoped that the police will enforce this ordinance on the coming Fourth of July. The burning of powder and the making of a great noise are not a patriotic display. They teach the young no lesson about the event that is being celebrated by a national holiday and altogether there is no benefit to come from the usual pandemonium of sufficient value to justify the risk to life and property. Every day in the year there are a number of sick and nervous people in every city who are sometimes killed outright by the noise of the explosion of powder around their homes. Many who are not killed are rendered ill and suffer torment during the day. Always after the Fourth, where the toy pistol is permitted, death reaps a harvest of boys killed by lockjaw caused by that deadly implement. In addition to this peril to life it is the usual experience that the city fire department is on the move all day long on the glorious Fourth. Fire alarms are sounding, and fire engines, hose carriages and ladder trucks are dashing through the streets at great cost to the city and adding to the general tumult and uproar. Often it happens that houses are burned and much loss results. There is no necessity for these evils, they are easily preventable, and it is to be hoped and expected that the police, without unnecessary harshness, but with the utmost firmness and determination, will strictly enforce the city ordinance. If boys feel that it is absolutely essential to the enjoyment of life and liberty and the pursuit of happiness to explode cannon and firecrackers, let them go out to the green fields, far from the maddest crowd, amid the daisies and within the sound of the purring brooks, and there raise Cain."

THE PETERSBURG STRIKE.—At 6 o'clock yesterday evening there was a parade of the Petersburg striking motor-men and conductors. There were also in line the local Carpenters' Union, Blacklayers' Union, Retail Clerks' Union and Machinists' Union. There were two bands in the procession, which marched through the principal streets. Not since the strike began has any car been run over the Richmond and Petersburg electric railway, which runs from Petersburg to Manchester. Mr. Augustus Wright, vice-president of the company, said yesterday that no cars could be run on this road as long as the Chesterfield county authorities could not give them police protection. Yesterday afternoon the Petersburg strikers were addressed at Pythian Hall by Rev. Dr. W. G. Starke, a leading minister, who told them that he had been to Richmond and endeavored to obtain for them an increase of wages, but had failed. Vice-President J. W. Wilson, of the Richmond Carriers' Union, followed Dr. Starke, and spoke against the strikers accepting places with the railway company unless their demands were granted.

ASSAULT ON YOUNG GIRL.—Michael Ridgeway, a white man, made a vicious attack yesterday afternoon on Miss Zaidie Overstreet, the sixteen-year-old daughter of J. G. Overstreet, near the outskirts of Roanoke. She, with two nephews, had gone out to gather berries, when Ridgeway came out of the woods near by carrying a large stick. He walked up to the young girl and struck her a fearful blow across the arm and drawing his knife, threatened to cut her throat. He then caught her and threw her to the ground, telling her that if she made an outcry he would kill her. She struggled and arose to her feet, giving a terrible scream. The two boys ran, giving the alarm, and two negroes responded, one carrying a gun. When Ridgeway saw the gun he ran into the woods and escaped. The police were notified, and a posse of citizens were scouring the country in search of him. Mrs. Ridgeway, mother of the young man, was visited, and she claims that he is mentally unbalanced and not responsible for his actions. The girl's father is day watchman at the Virginia Bridge and Iron Company, and the family is highly respected.

THE DEADLY TOY PISTOL.—The toy pistol should be absolutely barred out of the Fourth of July and all other celebrations. So grave and serious is the danger from this instrument of death that Dr. H. Gideon Wells, a Chicago physician, has considered it advisable to publish an article in a leading medical journal advising as to the treatment of the toy pistol wound. He does this, he says, because each July there is an enormous increase in the death rate from lockjaw due to the blank cartridge wounds, which carry a good deal of street dirt into the circulation. Dr. Wells insists that every such cartridge wound should be treated as a dangerous emergency and that the wound should be thoroughly cleansed. It is best, of course, to call in the family physician to attend to it. But there should be no such wounds to attend to, and people of sense will see to it that the dangerous toy pistol is omitted from the equipment with which the "young idea" undertakes "to shoot" on the Fourth of July.

Don't Lose Your Grip

Gray hairs often stand in the way of advancement for both men and women, socially and in business. Many men are failing to secure good positions just because they look too old, and no one knows how many women have been disappointed in life because they have failed to preserve that attractiveness which so largely depends on the hair.
